## Motherhood is the Gift of God to Women

"That special power of loving that belongs to a woman is seen most clearly when she becomes a mother. Motherhood is the gift of God to women. How grateful we must be to God for this wonderful gift that brings such joy to the whole world, women and men alike! Yet we can destroy this gift of motherhood, especially by the evil of **abortion**, but also by thinking that other things like jobs or positions are more important than loving, than giving oneself to others. No job, no plans, no possessions, no idea of "freedom" can take the place of love. So anything that destroys God's gift of motherhood destroys His most precious gift to women—the ability to love as a woman." – **St. Mother Teresa**

## Fourth Sunday of Easter

Throughout Easter Time, the Church rejoices with Jesus, risen from the dead. Our readings on this Fourth Sunday of Easter celebrate our instinct to come together in joy. While private prayer nourishes our individual relationship with the Lord, community prayer is a foretaste of paradise. The book of Revelation depicts a "great multitude" worshiping God "day and night in his temple." Our churches on Easter Sunday often reflect this happy multitude, filling the pews to bursting. Four Sundays into the festive season, we are encouraged to keep praising God together. In the Gospel, Jesus calls us his sheep and reminds us why coming together as a flock is so important: uniting in community, we imitate the unity of God. -Copyright © J. S. Paluch Co.

## May God Bless Our Mothers

Mother's Day is both a day of appreciation and reflection. Today, many are able to spend time with their mother, grandmothers, and great-grandmothers. It is a day when we thank them for giving us the gift of life, nurturing and caring for us when we were most vulnerable, and giving us many things, especially faith in Jesus Christ and love of His Church.

I have been reflecting on my mother's long life and, I have come to realize the fact that she raised two families. When she was 13 years old, her mother died the day after her youngest sister was born. My mother and her older sister raised the new baby and four younger siblings. They all grew up healthy, faith-filled people, and appreciated each other very much. When she was 38 years old, she married my father, and I was blessed to have her as my mother.

As we reflect on the essential role that mothers have in our lives, we should also reflect on the important ways that the Church is a mother to us. This is how the *Catechism of the Catholic Church* presents this vision.

**169** "Salvation comes from God alone; but because we receive the life of faith through the Church, she is our mother: "We believe the Church as the mother of our new birth, and not in the Church as if she were the author of our salvation." Because she is our mother, she is also our teacher in the faith."

## Keeping the Lord's Day Holy

Worshipping God in the manner that he has ordained is something that we owe to him in justice. Justice is the virtue by which we give to another what is due to him. The Eucharist is the sacrament of charity, but the holy Mass is even more fundamentally a matter of justice toward God; it's a matter of giving to God the worship and honor and thanks that are due to him in justice. Catholics don't go to Mass on Sunday in order to get something out of it (although we do get more than something, we get Someone out of it when we receive Jesus in Holy Communion). Catholics go to Mass every Sunday in order to give God fitting worship because he is worthy of thanks and praise. Go Make Disciples, December 2021, Vol. 2, No. 8

## WHAT TO DO: Attend Mass

Our participation in the holy Mass is so important--so essential to the Christian life--that it is a mortal sin to miss Mass on a Sunday or any other holy day of obligation. There are cases such as illness or caring for others that can excuse one from this obligation, but we should always make every effort to attend Sunday Mass. We should also build our day around the Mass rather than just squeezing it in where most convenient.

Whenever I held my newborn baby in my arms, I used to think that what I said and did to him could have an influence not only on him but on all whom he met, not only for a day or a month or a year, but for all eternity - a very challenging and exciting thought for a mother.

### St. Gianna Beretta Molla

Saint Gianna was canonized on May 16, 2004, and hers was the first of its kind. Many mothers have been beatified for their heroic virtues, but they entered religious life after becoming widowed. In St Gianna's case, the very condition of her being a spouse and mother was exalted and highlighted. St Gianna is the first canonized woman physician and professional who was also a "working mom".

In 1961 pregnant with her fourth child, Dr. Gianna Beretta Molla made a heroic choice after she was diagnosed with a uterine tumor. She allowed the surgeons to remove the tumor but not to perform the complete hysterectomy that they recommended, since it would have killed the child. Seven months later in April 1962, her daughter Gianna Emanuela Molla was born, but post-operative complications resulted in an infection for Dr. Molla and a week later she died at home.

Her heroic virtue, genuine holiness of life, selflessness, and quiet joy remind all of us that God entrusts us with a personal vocation. Each day presents us with choices that have the power to prepare us to take heroic action whenever it will be called for. We can do that, however, only if we surrender ourselves and what we desire to God and His will for us.

This example of lay sanctity, lived in the Sacrament of Matrimony, as the Vatican Council II teaches, will encourage many Christians to seek God in holy Matrimony. The exemplary fame of Christian conduct, lived by Gianna Beretta Molla is valid proof. She is the patron saint of mothers, physicians, and unborn children.

## Reflection

*"The disciples were filled with joy and the Holy Spirit." (ACTS 13:52)*

The disciples heard Our Lord's call and were able to spread the Gospel message with strength and vitality. We, too, can experience that same joy if we make room for the Holy Spirit to fill our hearts. When we use our gifts in the way that God intends, He fills us with supernatural joy. A joy that others notice and are attracted to!

## Celebrate Life

"One thing is certain: When the time has come, nothing which is man made will subsist. One day, all human accomplishments will be reduced to a pile of ashes. But every single child to whom a woman has given birth will live forever, for he has been given an immortal soul made to God's image and likeness."

— Alice von Hildebrand, *The Privilege Of Being A Woman*

## Did you know? Life begins at conception!

At 18 days a baby's heart begins to beat and by the 43rd day after conception a baby's brain is coordinating movements. All of a baby's organs are functioning at 8 weeks and a baby can smile, suck his/her thumb and make a fist by 12 weeks.
